**THIS DIRECTIVE SHALL SERVE AS THE COMMISSION'S ORDER ON THIS ISSUE.**

**SUBJECT:**

DOCKET NO. 2017-305-E - Request of the Office of Regulatory Staff for Rate Relief to South Carolina Electric & Gas Company's Rates Pursuant to S.C. Code Ann. § 58-27-920;

-and-

ND-2017-27-E - The Office of Regulatory Staff's Request That South Carolina Electric & Gas Company Be Ordered to Provide an Allowable Ex Parte Briefing - Staff Presents for Commission Consideration the Office of Regulatory Staff's Letter Dated October 27, 2017, "Re: South Carolina Electric & Gas Company Activities at V.C. Summer Units 2 and 3."

**COMMISSION ACTION:**

As Dr. Spearman said, this is a letter, and, specifically, an October 27, 2017, letter from ORS, talking about the status at the V.C. Summer site for Units 2 and 3 construction. I believe we should thank ORS for proactively reporting this information to the Commission. The final paragraph of the letter states that SCE&G's current approach will not preserve the site, and that preserving the site for future restart would require financial investment. It also talks about the decision to abandon the project, making available to SCE&G \$2 billion in tax write-offs. Although there's not a specific recommendation, I would move that we request ORS to provide recommendations regarding appropriate actions within Commission jurisdiction for means of protection of the site that are also protective of the proposed abandonment tax deduction.
